Have you ever wondered why some people get rich easily while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck or their choice of jobs, businesses or investments?

**The shocking answer is: None of the above!**

In this life-changing book, you will learn how to identify and revise your own money blueprint to dramatically increase your income and accumulate wealth. By using these proven principles, T Harv Eker went from

In his ground breaking *Secrets of the Millionaire Mind*, T. Harv Eker states **“Give me five minutes, and I can predict your financial future for the rest of your life!** Eker does this by identify your ‘money and success blueprint.” We all have a personal money blueprint ingrained in your subconscious minds and it is this blue print, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money – and if somehow you do, you will most likely lose it! The good news is that now you can reset your money blueprint to create natural and automatic success.
