

Gail Howard's Smart Luck®

Filtering Full Wheel Generator™ Lottery Software

The new Filtering Full Wheel Generator™ (FFWG) lottery software program is ready at last! The software, a program that will kick out all of the unnecessary combinations. FFWG is a totally new version of the Smart Luck Full Wheel Generator. FFWG works in all versions of Windows XP, Vista, and Windows 7.

Once you have made a Full Wheel using your best numbers, you can:

- 1) **View** the combinations.
- 2) **Save** them.
- 3) **Test drive** them through Advantage Plus history files.
- 4) **Print** them.
- 5) **Apply filters** to eliminate undesirable combinations.

About the NEW FFWG

Full Wheel Features

Create a wheel easily, with many options.

- 1) Makes Wheels that sort your numbers.
- 2) Makes Full Wheels and Filtered Full Wheels.
- 3) Makes Full Wheels with up to 4 Power Numbers® to reduce cost.
- 4) Allows you to quickly make and view the combinations.

Lotto Win Guarantees

- 1) Minimum win guarantees.
- 2) Gives the precise win guarantee for any Full Wheel.
- 3) Full lotto wheels (unfiltered), guarantee the jackpot prize.

Filter Options

Adding filters to a wheel is simple and gives you much more flexibility. Nineteen different filters can be applied multiple times to eliminate undesirable combinations.

- 1) Save Wheels, Win-Check, Print, and Export Wheels
- 2) Built-in re-open, delete, rename files.
- 3) Prints your wheels with user selectable fonts.
- 4) Exports your wheels to a text file in standard format.

Use Together with Advantage Plus

FFWG can work with Advantage Plus:

- 1) Works with Advantage Plus history files.
- 2) Interfaces with existing Advantage Plus installation.

Filtering Full Wheel Generator includes a detailed instruction manual within the program. This simple lotto tutorial can help you learn how to make wheels, test drive them, add filters, and work with the other features in the program.

Flash drive provides audio training tapes and history update services for Advantage Plus. Though FFWG can physically run on a flash drive, the Advantage Plus features would not be useful without Advantage Plus installed and would not enhance the FFWG experience. (*Therefore, it is NOT recommend getting FFWG on a Flash drive unless you already own Advantage Plus and have it installed*).
